

Wickedly Water Efficient Data Sheet

Group:	Time (water twice a week, enter date each time)							
Control = 10-15 ml or more according to moisture probe								
Moisture probe reading (start)								
Volume (ml)								
Height (mm)								
Width (mm)								
Moisture probe reading (end)								
Treatment 1 = 1 ml								
Volume (ml)								
Height (mm)								
Width (mm)								
Treatment 2 = 10 ml								
Volume (ml)								
Height (mm)								
Width (mm)								
Treatment 3 = 30 ml								
Volume (ml)								
Height (mm)								
Width (mm)								

Remember: Record any observations in your science book or on the back of this data sheet to help with interpreting your results. For example - wilting, number of dead leaves, leaf colour.
